

Clive Bruce

Payroll Systems Manager, Mercury Engineering
SIG Chair – IE SAP Payroll

Clive manages Mercury Engineering Payroll Systems and is responsible for the HR / Payroll, ESS & MSS / Travel Management and the Training & Event Management solution.

Clive has worked with SAP since 2000, and was HR / Payroll business lead in the design, build, test and roll-out of SAP in Mercury. During implementation and subsequent support, Clive has developed his technical knowledge of SAP, specifically within HR / Payroll and its integration within the SAP Solution.

Clive, a BA graduate in Human Resources, is looking forward to the challenges ahead as Chair of the Irish Payroll SIG and growing the groups relationship with it's counterpart in the UK. This will ensure that both get the most from the respective SAP Payroll products through shared knowledge of common functionality and issues.
