

Executive Biography

SABAHAT KAZI

Chief Executive Officer

Intellect Bizware Services Pvt. Ltd.

As the CEO of Intellect, Sabahat is responsible for the development and seamless execution of Nihilent's SAP business. He is based out of Mumbai, India.

Sabahat began his SAP career as a core team member for Ispat, then a Mittal group steel company and helped implement SAP 3.1H version. Soon he moved into a consulting role at a start-up SAP consulting company and rose to become a program manager. Later as SVP-Solutions and Support, he led the development of industry solutions and add-ons on SAP as well as a .NET based ERP and HCM solution for the mid-market. After spending close to 9 years and leading a team of 400 consultants, Sabahat decided to start on his own.

He co-founded Intellect with 2 of his colleagues. Since then Intellect has grown into a 500 people SAP consulting team with more than 200 customers and many awards along the way including APJ Partner Excellence award from SAP in 2017. Intellect was acquired by Nihilent in 2015. Since then Intellect has delivered more than 50 S/4HANA projects including one of the world's first few ECC to S/4 conversion.

Sabahat holds an MBA with specialization in marketing and a bachelor's degree in electronics engineering. As a practitioner of design thinking with a passion for technology, Sabahat believes you can be creative with SAP solutions.
