

## Customer Success Story

# Pfizer Transforms Global Invoice Processing Achieving \$2M in Savings

Pfizer faced inefficiencies with their homegrown invoice and workflow processing systems, which were not scalable for their global expansion. Pfizer chose Tungsten's invoice solution, integrated with their SAP platform, providing a comprehensive invoice scanning, AP engine, and workflow management system

- ✓ Achieved annual savings of over \$2M
- ✓ Implemented across 90 countries
- ✓ Enhanced visibility and adaptability
- ✓ Streamlines operations
