

"In 2020 Decathlon UK determined to embark on a digital transformation project for HR, Time Management and Payroll and chose Gavdi, an SAP SuccessFactors and Kronos specialist firm, to acquire and deploy the solution across our UK business. Together in 2021 we created a single project team who worked tirelessly, using Gavdi's Packaged Solutions, to create and deliver a powerful human experience management solution, based on Gavdi's best practices. We definitely made the right choice with Gavdi and we look forward to our ongoing partnership for years to come."

Nick Francis, Payroll Manager
Decathlon UK
