10:20	What's new in Dashboards 4.1 An update and demonstration of the latest version of SAP BusinessObjects Dashboards. In this session we'll look at what's new in the latest version of Dashboards along with a demonstration of all the new features in this release.	Ian Mayor SAP
11:00	COFFEE & NETWORKING	All
11:30	BI Mobile 5.0 An update and demonstration of the latest features in the latest version of the SAP BI Mobile client. This session will conclude with a demonstration of these features using the version release available for the iPad and iPhone devices.	Daniel Davis SAP
12:15	Get mobile, interactive and off-line with Dashboards 4.1 Network speed and availability are two key additional issues a BI project faces when delivering mobile dashboards. Users expect to have fast, fingertip access to their data when they are on the road, even if the network coverage is poor or non-existent. Hear how newly released features in Dashboards 4.1 and BI Mobile 5.0 make this possible.	Donald MacCormick Data Visualisation Co-Chair
13:00	LUNCH & NETWORKING	All
14:00	SAP Lumira & Lumira Cloud. There is a lot of SAP marketing effort being invested into SAP Lumira and it was centre stage in the recent "AllAccessAnalytics webcast by SAP where Steve Lucas (@nstevenlucas), President of SAP Platforms (Mobile, D&T and Big Data) introduced his 'BOLD' new roadmap. Come and hear what all the noise is about.	Andrew Fox Data Visualisation Co-Chair
14:30	BI on BW Best Practice V4.1 "hints and tips" Overview of BI products align to departments in organisations differences between BW and non-BW scenarios. A sneak preview of the next version of Design Studio, which will add support for non-BW data.	Ian Mayor SAP
15:15	Any Other Business & Close	All
