Meeting to be held on Wednesday 9th September

At Birmingham City University
City Centre Campus, Millennium Point

AGENDA

09:30	Registration & Coffee	All
10:00	Introduction & Welcome	Cheryl Chambers & Scott Butler SIG Chairs
10:05	Round the Room Introductions	All
10:15	User Group Session	Kirsten Boucher User Group
10:30	Technical Roadmap: A Budgeting and Planning Tool Strategic Principal Consultant Brian Reid will explore how a Technical Roadmap provides Higher Education IT departments with an invaluable planning and budgeting tool. The Roadmap opens up discussions with the wider organisation by providing a costed, 3-5 year proposed SAP landscape maintenance plan. The Roadmap also provides clarity on the various options available for the future maintenance of the SAP landscape - and ensures compliance with SAP support restrictions.	Brian Reed Absoft
11:15	COFFEE & NETWORKING	All
11:45	SAP and Public Sector Customers – How we can Run Simple There have been a number of changes in focus, priorities and go to market strategies for SAP. This is sometimes difficult for a customer to see how this could impact them and how can a customer be involved in shaping future solutions and strategies. The purpose of this slot is to discuss what SAP's future direction is and more importantly how SIG and SAP work closely together. The outcome would be to agree a term of reference for future engagements, identify business challenges or areas for discussion at future meetings and to agree how to communicate and keep SIG members up to date with product strategy.	Sean O'Callaghan SAP
12:30	Knowledge Sharing Sessions	All
13:15	LUNCH & NETWORKING	All
14:15	Knowledge Sharing Sessions Continued	All
15:00	Any Other Business & Close	All
