13:15-14:00	<p><b>Modern Travel &amp; Expense Management</b></p> <p>Managing travel and expense is not just about automation – although that’s an important first step. Modern travel and expense is about capturing all your spend so you can manage your costs, whilst giving choice to your travellers.</p> <p>Join this session to understand how travel and expense management is evolving and find out how you can give your travellers a seamless travel experience whilst still meeting the needs of your business.</p> <p><b>Speaker Bio:</b> Simon Williamson joined Concur in 2005 and has spent most of his time at Concur building and leading Client Development teams that focus on long term client retention, growth and satisfaction. He has also led a number of projects migrating customers away from legacy products in the region. In 2014, Simon moved into Business Development leadership role to focus on accelerating Concur’s growth in EMEA through a demand generation project in collaboration with SAP. He is currently based in the UK.</p>	<p>Simon Williamson</p> <p>Concur</p>
