

## Cloud Process – Stream Information

### Human Resources

Time	Session	Company & Speaker
14:15	<p><b>SAP SuccessFactors</b></p> <p>In this 45 minute session you will be able to learn about and see the latest developments in SAP Successfactors. SAP Successfactors provides an end to end cloud HR platform which can be deployed at a pace to suit you. With our modular approach customers can choose to deploy processes which add value from day one starting with HR and extending into financials, expenses or other fundamental business processes in S/4 Hana. See why over 1200 customers have chosen SAP Successfactors as their digital technology solution for the 21st century</p>	Lynsey Turnbull  SAP
15:00	<p><b>Build your own SuccessFactors Roadmap and Understand Time &amp; Attendance and Payroll Integration</b></p> <p>In this session, Sven cover the following topics:</p> <ul style="list-style-type: none"><li>• Why SuccessFactors? Understand the business benefits</li><li>• There is not ONE best roadmap. Understand the various migration paths, on-premise integration scenarios and which might be right for your organisation</li><li>• Payroll integration and Time &amp; Attendance are often seen as the most critical roadblocks to get to a full-cloud scenario. Therefore, we'll take a closer look at these two elements:</li><li>• Current capabilities (Release 16/05) in Employee Central Time Off and Time Sheet</li><li>• Roadmap of Time Off and Time Sheet, so you can see, when your scenario may be covered</li><li>• Integration with SAP's Cloud Payroll as well as on-premise Payroll (core hybrid integration model)</li></ul>	Sven Ringling  iProCon
16:15	<p><b>Concur Travel &amp; Expense Management</b></p> <p>Hear Irish Distillers Pernod Ricard experience of their journey from an idea of a digital expense managed capability to deploying one. This session will Cover the drivers for the project, the options within the market place, the implementation and roll out.</p>	Plácido Pignataro Irish Distillers
