

Analytics Symposium

Meeting to be held on Thursday 7th July

At The Vox Conference Centre, Resorts World Birmingham,

Pendigo Way, B40 1PU

09:30	REGISTRATION & COFFEE	ALL
10:00	Introduction & Welcome and User Group Update	Craig Dale & John Weikert UKISUG
10:30	<p>The changing face of analytics in the era of digital transformation</p> <p>All businesses are embracing the era of digital transformation, yet many still run businesses on analogue BI (manual, printed reports and packs).</p> <p>This session will focus on the new era of digital BI. Agility Works will look at how this drives a new set of business outcomes including that of true information agility and transparency from shop floor to boardroom as well as touching on how the latest SAP technology such as HANA, Predictive Analytics and BusinessObjects Cloud can be used to enable digital transformation. Finally you will gain some insights into the expected challenges and next steps you can take on your digital transformation journey.</p>	Matt Potts Agility Works
11:15	Coffee & Networking	All
11:45	<p>How Analytics Innovation is Driving Business Transformation</p> <p>Analytics is no longer only about better insights -- it's now the foundation for digital transformation and innovation. We'll explore how organizations are integrating the latest technologies such as Big Data, the Internet of Things, and Cloud Analytics with their existing information infrastructures. This session will be illustrated with concrete success stories of how companies like yours are turning data new customer experiences, new business models, and new ways of creating business value.</p>	Waldemar Adams & Timo Elliott SAP
