

BW Special Interest Group

Meeting to be held on 5 September 2006
@ SAP UK, Clockhouse Place, Nr. Heathrow

AGENDA

09:30 Registration & Coffee

10:00 Introduction & Welcome

Matthias Assmann, T-Mobile
Co-Chairman

10:05 Introductions

All

A brief introduction to you and your organisation and it's usage of SAP

10:45 Insight into SAP NetWeaver 2004s BI

Matthias Assmann, T-Mobile

Matthias to speak on T-Mobile's experience from their involvement as an SAP Ramp Up customer for their recent SAP BI upgrade – This Presentation should provide you real insight into the new SAP BI Release from the 'upgrade approach' to the 'lessons learned'.

11:30 Coffee Break & Networking

11:50 Analytics Ramp Up

Shin Sawhney - LogicaCMG

LogicaCMG will give us an overview on the potential of the new tools rolled out within the analytical Ramp Up at T-Mobile UK.

12:30 Lunch & Networking

13:30 Evolution of Composite Applications

Richard Brown - SAP

A quick look at what SAP means by Analytical Applications and how these have evolved with the introduction of new Analytics in NW2004s and the SAP Enterprise Service Oriented Architecture (ESOA).

14:15 Conference Update

Craig Dale,

Craig will give a brief update on the User Group Conference, which is taking place in November

SAP UK & Ireland User Group

14:20 Open Forum

All

Discussion focussing on what you would like from the BW group in 2007 including areas of interest and how you would like to see the group develop, moderated by the SIG chairmen.
