10:00 Introduction & Welcome

Murray Elliot, SAC
Chairman

10:05 Introductions

A brief introduction to you and your organisation and it's usage of SAP

All

10:30 SAP Product Release Strategy and IT Excellence Services
How can a customer plan against it? What can SAP do to help you?

Sarah Wicks, SAP

11:15 Successful Upgrades - a best practice approach

This session will give a brief insight into the aspects of an upgrade, looking at the various stages - planning, the actual upgrade and post the event, identifying useful techniques and areas to focus on that will make the transition from one version of SAP to the next as smooth as possible.

Graham Newport, Axon

12:15 **Lunch & Networking**

13:30 "SAP, To Upgrade or not, is that the question?"

Thus will discuss the multi-faceted issues that most businesses face as they develop and outgrow current systems & provide an insight into their experiences of upgrading to ERP2005 to date.

Richard Fraser /
John Mason. Thus PLC

14:30 AOB, Future Meeting Dates and Meeting Close
