13:30	**The 10 Mantra's of successful S/4HANA Conversions - Approaches, Experiences, Tips and Tricks to Deliver Low Friction S/4HANA Conversions.** Nearly 5 years on from its initial launch S/4HANA is still causing confusion within the SAP Customer Base. Can we upgrade? Do we have to re-implement? Do we have to go to the Cloud? These are just a few of the questions that we hear over and over again. In this session Richard and Andy will outline the reasons why a system conversion should be the most appealing route to S/4HANA for the majority of existing SAP Customers. They will share 10 Mantra's that all customers should focus on when considering their next steps. They will draw on real world experience gained by the itelligence Consulting and Managed Services Teams delivering 250+ S/4HANA Projects globally. The objective is to understand how you can plot a course to S/4HANA adoption with the minimum level of unplanned disruption. You can expect to hear a range of tips and tricks, both functional and technical that can be leveraged to help you with your own S/4HANA journey.	Andy Steer itelligence
14:20	**Journey to S/4 and Beyond** If it hasn't already started, then your journey to S/4 should start today. Learn how making the right choices now can help you maximise the ROI of your S/4 investment – and the potential to innovate using new technologies, such as AI, IoT, Process Automation, Machine Learning and chatbots, that the move to S/4 opens up. The session will cover how to take the steps in the S/4 journey – including a fresh look at the innovation landscape that exists beyond the initial move to S/4. Starting with understanding how to choose the right approach - greenfield or brownfield – the session then covers some of the common preparation activities, including what should you Stop doing; what should you Start doing, and what is OK to Continue doing, in the lead up to the move. We will then discuss changes introduced by S/4 and common S/4 innovations that will transform business processes.	Nick McFetrich & Stuart Jameson HCL Technologies
