

# Solution Manager

## Special Interest Group

Thursday 20<sup>th</sup> June 2019

Rapid ERP, Birmingham City Football Club, B9 4RL

### AGENDA

09:30	Registration & Coffee	All
10:00	Introduction & Welcome	Costa Petrosellini Co-Chair
10:05	UKISUG Update	UKISUG
10:25	<b>The quest for business process efficiency in SAP. Where and how to begin...</b>  In the midst of an impending Brexit and challenges of an S/4HANA migration on the horizon, the need for your organisation to gain visibility of how well SAP is being used and where it can be improved has become more essential than ever.	Gary Still Rapid ERP
11:30	<b>COFFEE &amp; NETWORKING</b>	All
11:45	<b>Business Process Analytics and Improvement -Demonstration &amp; Q&amp;A Session</b>  A demonstration of the business process analytical capabilities of SAP Solution Manager 7.2. There will be an opportunity to ask questions and also try both this and other ALM functionality out for yourself at one of our demo stations.	Gary Still Rapid ERP
12:30	<b>Lunch &amp; Networking</b>	All
13:30	<b>The versatility of SAP Solution Manager – a ‘real world’ report by the Sanctuary Group</b>  SAP Solution Manager has a wealth of functionality across multiple topic areas but knowing which can provide value in the real-world is often a challenge. Tin Sandhu from the Sanctuary Group will provide an insight into how they are making use of the available functions for a joined-up approach to SAP Application Lifecycle Management. Covering their initial implementation of Change Request Management (ChARM) and Technical Monitoring, through to more recent use cases of Process Management and Test Automation; you will learn how their ALM roadmap has evolved, the benefits realised, key lessons learnt and have an opportunity to ask questions for an impartial, real world review.	Tin Sandhu, Sanctuary Group & Gavin Richardson, Rapid ERP
14:15	<b>Coffee &amp; Networking</b>	All

## Special Interest Group

Thursday 20<sup>th</sup> June 2019

Rapid ERP, Birmingham City Football Club, B9 4RL

### AGENDA

<b>14:30</b>	<b>SolMan product update</b>	David Cull & Chris Soden SAP
	<p>There has been headline news on the SAP Support Launchpad on the versions of SolMan needed to avoid loss of some functionality in 2020; this session will summarise why the change, the required action and some paths. This session will also include a short Q&amp;A session and information of the next SolMan Roadshow.</p>	
<b>15:00</b>	<b>SAP Solution Manager 7.2 for SAP S/4 HANA – Preparation, Implementation and Beyond!</b>	Neil Start Rapid ERP
	<p>Whatever stage of your SAP S/4HANA journey - whether you are contemplating, planning, or have embarked upon a project – SAP Solution Manager 7.2 contains valuable companion functionality to help streamline the entire process. From preparation checks, including Custom Code and Data Volume Management, through the embedded SAP Activate Methodology and Best Practice content, to a full-blown process and document repository with agile project management tools, via SAP Focused Build. This session will guide you on the essential components and explain how two of our current customers have adopted the various tools throughout their ongoing projects and how they are now setting the scene for productive operation.</p>	
<b>16:00</b>	<b>AOB &amp; Opportunity for Q&amp;A</b>	All
<b>16:30</b>	<b>Close</b>	All
